

1 Which of these is a living thing?

2 What do all living things do?

- A make food
- B change and grow
- C move from place to place
- D grow in soil

3 What do plants get from the Sun?

- A light
- B food
- C air
- D water

4 What do plants need to live that animals do not need to live?

- A water
- B weather
- C air
- D sunlight

5 All living things have _____.

- A grow
- B living
- C needs
- D Sun

6 Plants can _____ and change.

- A grow
- B living
- C needs
- D Sun

7 Plants get light from the _____.

- A grow
- B living
- C needs
- D Sun

8 Plants are _____ things.

- A grow
- B living
- C needs
- D Sun

- 9 What do both plants and animals need to live?
- A water
 - B soil
 - C sunlight
 - D shelter
- 10 Where does a plant get the water and nutrients it needs?
- A from sunlight
 - B from air
 - C from animals
 - D from soil
- 11 Where does a green plant make food?
- A stem
 - B leaves
 - C seed
 - D roots
- 12 Which part holds a plant in the ground?
- A root
 - B stem
 - C flower
 - D leaf

13 Which of these can make its own food?

- A 
- B 
- C 
- D 

14 The _____ of a plant take in water from the soil.

- A ground
B leaves
C nutrients
D roots

15 Materials that living things need are called _____.

- A ground
B leaves
C nutrients
D roots

16 Food is made in the _____ of a green plant.

- A ground
B leaves
C nutrients
D roots

- 17 The roots of a plant hold the plant in the _____.
A ground
B leaves
C nutrients
D roots
- 18 Which plant parts take in water and nutrients from soil?
A flowers
B leaves
C roots
D stems
- 19 Why do some animals eat plants?
A for air
B for food
C for light
D for soil
- 20 Animals are _____ things.
A air
B change
C food
D living
- 21 Animals eat _____ to live.
A air
B change
C food
D living

22 Animals need _____ and water.

- A air
- B change
- C roots
- D living

23 Animals grow and _____.

- A air
- B change
- C food
- D living

24 Mountain goats live in a cold environment. How does their thick fur help them?

- A It helps them get food.
- B It helps them keep cool.
- C It helps them keep warm.
- D It helps them climb on rocks.

25 A giraffe eats tree leaves. How does it get the leaves?

- A It lifts its long neck.
- B It climbs the tree.
- C It waits for the leaves to fall.
- D It shakes the tree.

- 26 How are a desert and a forest alike?
- A Both have lots of rain.
 - B Both are hot all the time.
 - C Both have lots of trees.
 - D Both have plants and animals.
- 27 A plant that lives on a dark forest floor is most helped by
- A big leaves that take in more light.
 - B long roots that take in more water.
 - C large flowers that catch more air.
 - D thick stems that hold it up.
- 28 Animals get food, water, and air from the _____.
- A neck
 - B environment
 - C leaves
 - D hooves
- 29 A long _____ helps giraffes eat leaves.
- A neck
 - B environment
 - C leaves
 - D hooves
- 30 Sheep use their _____ to climb on rocks.
- A neck
 - B environment
 - C leaves
 - D hooves

- 31 Big _____ help a plant take in more sunlight.
- A neck
 - B environment
 - C leaves
 - D hooves
- 32 How does fur help a bear live in a forest?
- A The fur helps the bear find food.
 - B The fur helps the bear grow bigger.
 - C The fur keeps the bear safe.
 - D The fur keeps the bear warm.
- 33 A pine tree has waxy needles. How do waxy needles help it?
- A The needles help the tree grow faster.
 - B The needles help the tree block sunlight.
 - C The needles help the tree hold water.
 - D The needles help the tree stay dry.
- 34 Which is a good environment for a woodpecker?
- A forest
 - B tundra
 - C desert
 - D ocean

35 A _____ is a place with many trees.

- A needles
- B fur
- C forest
- D claws

36 Waxy _____ help pine trees hold water during the winter.

- A needles
- B fur
- C forest
- D claws

37 Bears have sharp _____ for climbing trees.

- A needles
- B fur
- C forest
- D claws

38 Bears have thick _____ to keep them warm in winter.

- A needles
- B fur
- C forest
- D claws

39 Which animal lives in an ocean?

40 What body part helps a gray whale keep warm in the ocean?

- A fur
- B blubber
- C feathers
- D scales

41 What body part does a fish use to breathe?

- A heart
- B lungs
- C gills
- D fins

42 The _____ has salt water.

- A fur
- B blubber
- C ocean
- D stems

43 Roots, _____, leaves and flowers are parts of surfgrass.

- A fur
- B blubber
- C ocean
- D stems

44 Thick _____ helps keep a gray whale warm in the ocean.

- A fur
- B blubber
- C ocean
- D stems

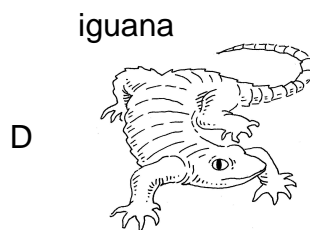

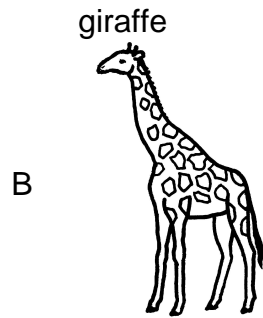

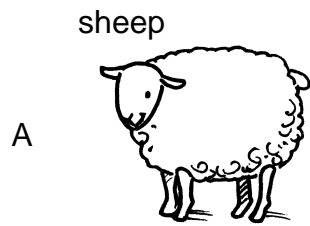

45 Thick _____ helps keep a sea otter warm in the ocean.

- A fur
- B blubber
- C ocean
- D stems

46 What is a desert like?

- A rainy
- B dry
- C shady
- D wet

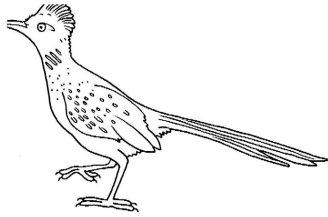

47 Which animal lives in the desert?

48 Which bird can run fast to catch food?

roadrunner

A

duck

B

woodpecker

C

eagle

D

49 What helps a desert iguana stay cool?

- A spines
- B blubber
- C light skin
- D fur

50 A _____ is a very dry environment.

- A skin
- B ears
- C desert
- D leaves

51 Long _____ help a rabbit hear other animals when they are near.

- A skin
- B ears
- C desert
- D leaves

52 Light colored _____ helps an iguana keep cool in the hot sun.

- A skin
- B ears
- C desert
- D leaves

53 Waxy _____ help a bush keep the water it needs.

- A skin
- B ears
- C desert
- D leaves

54 What helps protect animals?

- A air
- B shelter
- C sunlight
- D water

55 What animal gets shelter on another animal?

- A flea
- B wolf
- C bear
- D snake

56 A place where an animal lives is a _____.

- A animals
- B food
- C food chain
- D shelter

57 Some animals eat plants for _____.

- A animals
- B food
- C nests
- D shelter

58 Some animals eat other _____.

- A animals
- B food chains
- C nests
- D shelter

59 Some animals make _____ in plants.

- A animals
- B food
- C nests
- D seeds

60 How do some animals help plants?

- A They eat plants.
- B They build nests in trees.
- C They carry food to plants.
- D They carry seeds to new places.

61 How do birds help plants?

- A They eat seeds for food.
- B They drop and spread seeds.
- C They build nests in trees.
- D They eat acorns.

62 Some animals help spread _____ seeds.

- A fur
- B grow
- C plant
- D seeds

63 Seeds can stick to the _____ on a bear.

- A fur
- B grow
- C plant
- D seeds

64 Birds drop and spread _____.

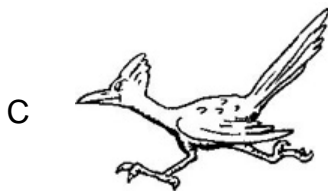

- A fur
- B grow
- C plant
- D seeds

- 65 New plants may _____ from seeds.
- A fur
 - B grow
 - C plant
 - D seeds
- 66 What do plants use to make food?
- A roots
 - B seeds
 - C sunlight
 - D soil
- 67 Plants take in light from the _____ to make food.
- A animals
 - B food chains
 - C plants
 - D Sun
- 68 Some _____ eat plants for food.
- A animals
 - B food chains
 - C plants
 - D Sun
- 69 Some animals eat other animals that eat _____.
- A nests
 - B food chains
 - C plants
 - D Sun

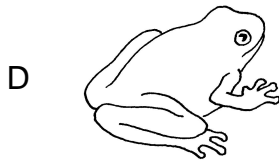

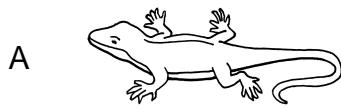

70 All living things are connected through _____.

- A animals
- B food chains
- C plants
- D Sun

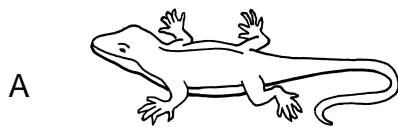

71 Which animal is part of a desert food chain?

72 Which animal lives in a desert environment?

73 Which animal eats a roadrunner for food?

74 Plants need _____ to grow.

- A animals
- B food
- C insects
- D sunlight

75 Plants use sunlight to make _____.

- A animals
- B food
- C insects
- D sunlight

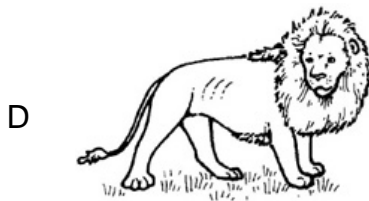

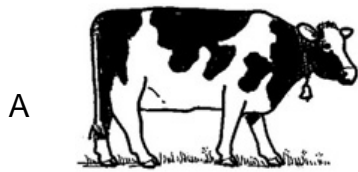

76 Some _____ eat plants for food.

- A plants
- B food
- C insects
- D sunlight

77 A coyote eats other _____ for food.

- A animals
- B food
- C insects
- D sunlight

78 Which animal eats only plants?

79 What do crickets eat for food?

- A plants
- B lizards
- C birds
- D hawks

80 Which animal lives in a marsh environment?

- A wolf
- B squirrel
- C bear
- D frog

81 A _____ is a wetland environment.

- A crickets
- B food
- C hawks
- D marsh

82 Crickets eat plants for _____.

- A crickets
- B food
- C hawks
- D marsh

83 Frogs eat _____ for food.

- A crickets
- B food
- C hawks
- D marsh

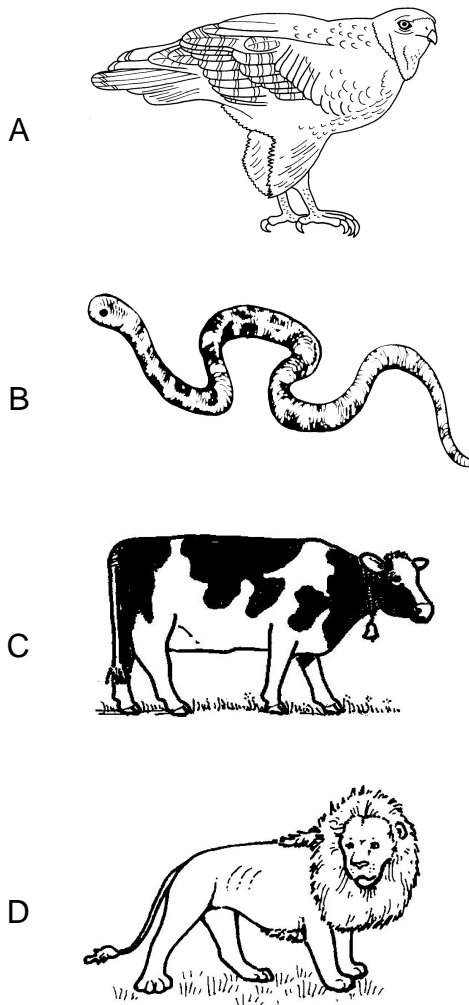

84 Snakes eat frogs, and _____ eat snakes.

- A crickets
- B food
- C hawks
- D marsh

85 Which kind of teeth can rip and tear meat?

- A short, flat
- B sharp, pointed
- C small, round
- D large, flat

86 Which animal has flat teeth?

87 You can tell what an animal eats by the shape of its _____.

- A cow
- B flat
- C lion
- D teeth

88 A _____ eats other animals for food.

- A cow
- B flat
- C lion
- D teeth

89 A _____ eats grass for food.

- A cow
- B flat
- C lion
- D teeth

90 Animals that eat plants have _____ teeth.

- A cow
- B flat
- C lion
- D teeth
